

## VEGA - WINNERS

## Best Technical Manager

**Ramesh Kumar Penisetty**  
Walmart

Ramesh has shown exemplary dedication , customer centricity , and has enabled a project with very aggressive timelines be delivered in time and in certain milestones ahead of time. This delivery , which Wal-Mart too felt was aggressive , has led to their great confidence in Wipro and the team. This show of exemplary technical and management skills was praised and awarded by Wal-Mart management. He has established great rapport with the customer and the management. The Infra team is seen today as "The MTEP Infrastructure Solution Team" which is a single point of contact for all Infra requirements relating to MTEP platform. This has led us to stage of getting projects from Wal-Mart "Without any RFP"
